PRESS RELEASE

January 25, 2018 (EST-USA)

Indian Diaspora Council (IDC)'s Greetings on 68th Republic Day of India

The **Indian Diaspora Council International (IDC)** and its global partners, on the occasion of the 68th Republic Day of India, extends warm and special greetings to Indians in India and abroad who take much pride in this annual celebration.

India has made enormous strides and progress since independence, from dependency to becoming a major entity in the global arena in geo-economic partnerships for progress. The foundations were laid through India's Constitution adopted on 26th January 1950 which is celebrated each year as Republic Day.

While changes for social upliftment take more time as in other societies with long history and traditions some centuries old, there is significant progress in transparency, children's and women's rights, equitable treatment, infra-structure, economics, education and health.

As India continues its transformation and adaptation as it has done for centuries, the future bodes well for continued progress that is beneficial to all Indians and the world. India's enduring vitality is always strong and vibrant.

IDC extends its best wishes, encouragement and support for continued progress,
