INDIAN DIASPORA COUNCIL GRATITUDE TO USA VICE PRES. KAMALA HARRIS

The Indian Diaspora Council International (**IDC**) and its global membership are grateful for your outstanding tenure as the first female vice president of the USA as well as your many years of public service in various capacities at state and federal levels.

The Biden-Harris team has achieved enormous progress for America domestically and globally, recovering from the pandemic, enacting meaningful legislation for America's growth and creating opportunities for today and the future. "We share tears of gratitude for all you have done and tears of fear for what may be ahead".

You are greatly admired and highly respected internationally for your inspiration and as a positive role model especially for minorities as well as girls who aspire to fulfill their dreams and aspirations in all levels of society. You have carved a historic path for many to follow.

We take much pride in your achievements as a person of Indian origin, with your background, determination, skills and character, and we applaud you on your representation of your ideals and commitment to achieve more progress politically and socially for common good.

IDC conveys its best wishes to you and your family for continued progress.
